§2-1205.

- (a) The State shall develop plans, adopt regulations, and implement programs that reduce statewide greenhouse gas emissions in accordance with this subtitle.
  - (b) On or before December 31, 2018, the Department shall:
- (1) Submit a proposed plan that reduces statewide greenhouse gas emissions by 40% from 2006 levels by 2030 to the Governor and General Assembly;
  - (2) Make the proposed plan available to the public; and
- (3) Convene a series of public workshops to provide interested parties with an opportunity to comment on the proposed plan.
- (c) (1) The Department shall, on or before December 31, 2012, adopt a final plan that reduces statewide greenhouse gas emissions by 25% from 2006 levels by 2020.
- (2) The Department shall, on or before December 31, 2019, adopt a final plan that reduces statewide greenhouse gas emissions by 40% from 2006 levels by 2030.
- (3) The plans shall be developed in recognition of the finding by the Intergovernmental Panel on Climate Change that developed countries will need to reduce greenhouse gas emissions by between 80% and 95% from 1990 levels by 2050.
- (d) The final plans required under subsection (c) of this section shall include:
- (1) Adopted regulations that implement all plan measures for which State agencies have existing statutory authority; and
- (2) A summary of any new legislative authority needed to fully implement the plans and a timeline for seeking legislative authority.
- (e) In developing and adopting a final plan to reduce statewide greenhouse gas emissions, the Department shall consult with State and local agencies as appropriate.

- (f) (1) Unless required by federal law or regulations or existing State law, regulations adopted by State agencies to implement a final plan may not:
- (i) Require greenhouse gas emissions reductions from the State's manufacturing sector; or
- (ii) Cause a significant increase in costs to the State's manufacturing sector.
- (2) Paragraph (1) of this subsection may not be construed to exempt greenhouse gas emissions sources in the State's manufacturing sector from the obligation to comply with:
- (i) Greenhouse gas emissions monitoring, recordkeeping, and reporting requirements for which the Department had existing authority under  $\S 2-301(a)$  of this title on or before October 1, 2009; or
- (ii) Greenhouse gas emissions reductions required of the manufacturing sector as a result of the State's implementation of the Regional Greenhouse Gas Initiative.
- (g) A regulation adopted by a State agency for the purpose of reducing greenhouse gas emissions in accordance with this section may not be construed to result in a significant increase in costs to the State's manufacturing sector unless the source would not incur the cost increase but for the new regulation.
